- Rigid Kevlar cone with phase plug
- Highly efficient Strontium magnet
- Non-resonant paintable polypropylene frame
- New, easy mount "C" style mounting brackets
- Parasound's 10 years parts, 5 years labor warranty

Parasound's Outsiders are the perfect solution for high-quality sound indoors or out. They come in two convenient sizes and feature component technology normally associated with the finest indoor speakers. From rigid Kevlar woofers to aluminum dome tweeters with excellent off-axis dispersion that insures your daffodils hear the same thing as the tulips. The cabinets, grilles and mounting hardware are designed to withstand the harshest environments and resist corrosion season after season. For easy and sturdy installations there are gold plated "Constant Pressure" binding posts, and C-style mounting brackets. Everything adds up to an incredible sounding speaker that will look and sound great for years to come. Just try to come in out of the rain now!

Specifications
